Why SunRay Solar?

SunRay Solar, founded in Concord, NH in 2009, is New Hampshire's leading solar systems integrator and installer. We design, build, and install solar arrays for homeowners and businesses. We stress consumer education and we build strong, long-term relationships with our customers.

SunRay Solar Advisors are committed to helping consumers understand the advantages of going solar. A solar installation is an investment that deserves careful consideration and we want to ensure that you have all the information you need to make the right decision.

Included with every SunRay Solar installation:

- Extensive site review with documentation prior to work commencement
- Custom array design with your approval before installation
- 25 Year product warranty
- 12 Year workmanship warranty
- Master Electrician overseeing your project
- Our systems are TURNKEY! We handle all paperwork; permits, interconnection, REC enrollment and rebate applications
- Enrollment into our "**Spread The Sunshine™**" referral program
